The Leadership Team | Asia School of Business

One of the biggest learnings of the ongoing COVID-19 saga is the importance of leadership and the glaring gaps that it has exposed. In situations of global crisis, we turn and seek leadership at all levels, be it global, national, state, corporate, community, and even within our own families. 'Corona Times' has really thrust the role of leadership into the spotlight and show the ...

The Importance of Collective Leadership

It is well accepted that styles of leadership generally fall between one of two categories: Autocratic or free-reign. In autocratic or authoritarian style, the leader contains the control. As for the free-reign or laissez-faire style, the control has been given by the leader to the followers.

Leadership Styles

Bolman and Deal articulated four styles of leadership in their 1984 book Reframing Organizations, which is still used today as a classic perspective on leadership development. Each style is characterized by different perspectives and approaches to issues like motivating teams, solving problems, and managing change.
