Science Of Being And Art

The full content is Science of Being, Art of Living, Life and Fulfillment - which are the four sections of the book. First published in 1963, the content sounds modern. Maharishi has a clear lucid conversational style. The first section is metaphysical, and the other three sections are everyday including some humour.

Science of Being and Art of Living: Transcendental ...

The emblem of the "Science Of Being" is a representation of three six-pointed stars, one within the other, and a central balanced cross. The six-pointed star is the Star of Wisdom; the three stars, one within another, represents Wisdom on the Three Planes - Physical, Mental and Spiritual. Read the whole story here.

The Science Of Being | Art & Archives

In 1963 Maharishi offered to the world the Science of Being and Art of Living, which systematically unfolds for our scientific age the wisdom of the Veda and Vedic Literature taught to Maharishi by Guru Dev. In this volume Maharishi presents the Science of Being as the systematic investigation into the ultimate reality of the universe.

Nursing is as much of an art as it is a science. And a successful nurse cannot have one without the other, embodying both in tandem. When applied together, the art and science of nursing is a force to be reckoned with in healthcare. It's what makes nurses so effective, and it's what makes all the difference to the patients in their care.

The critical role of a nurse: Bridging the gap between art ...

A quarter of the population suffers from sleep apnea, half of us snore. 10% of Americans have asthma. 10% have COPD and the rest of us have some sort of breathing dysfunction, the list goes on. It seems because we're alive and we seem to be breathing just fine. But being alive is different from being healthy and really prospering.
