William J. O'Neil's bestseller, "How to Make Money in Stocks," demystifies how to make money while investing, from how to choose stocks that will jump up in price, to picking the best bonds, stocks, or ETFs for your portfolio. The book even covers how to pick up on the market's current trends—and profit from them, of course.

The 10 Best Investing Books for Beginners in 2021

Though first published in 1949, the teachings of Benjamin Graham's "The Intelligent Investor" are still influential today. The book centers around his well-known value investing strategy, or the practice of buying stocks for prices less than their value—in other words, stocks that are currently undervalued by the market. "The Intelligent Investor" shows readers how to make money in the ...
