2000 was designated as the International Year for the Culture of Peace and the World Mathematical Year.. Popular culture holds the year 2000 as the first year of the 21st century and the 3rd millennium due to a tendency of grouping the years according to decimal values, as if year zero were counted. According to the Gregorian calendar, these distinctions fall to the year 2001, because the 1st ...

First, a caveat: I am no history buff. I tended to avoid history through the years, but have appreciated Standage's approach to themed explorations of culture and civilization. I don't contribute actively in social media very often (save the occasional book/product review), but do appreciate its power and importance.
