In Nazi terminology, protective custody meant the arrest—without judicial review—of real and potential opponents of the regime. "Protective custody" prisoners were not confined within the normal prison system but in concentration camps under the exclusive authority of the SS(Schutzstaffel; the elite guard of the Nazi state). The Third Reich has been called a dual state, since the normal judicial system coexisted with the arbitrary power of Hitler and the police.

## **Law and Justice in the Third Reich | The Holocaust ...**

Nazi law and order was predicated on the idea that individuals should be subordinate to the state, law-abiding and obedient. Everyone was to be aware of their place in German society and refrain from causing trouble. Hitler was well aware most Germans had not voted for him or the NSDAP before 1933.

Germany's 1933 civil service law applied to university professors as well as elementary and secondary-school teachers. It was not difficult for the Nazis to win the support of many university professors, administrators, and students. At the time, a majority of them backed conservative political parties that were hostile to the Weimar Republic.
